

FUNDING GRANTS

As a coach, in conjunction with the State Coaching Director, it may be necessary to source funding to support Coaching activities within your Club and Zone.

There are a number of areas that can be approached through Application. The main source for funding is through Department of Local Government, Sport & Culture (DLGSC) located in Perth or in the Regional areas. Applicable Grants are as follow:

- Active Regional Community Grant (ARC) – approach your local Regional DLGSC
- Coaching and Officiating Grants – through your local Regional DLGSC and must be supported by State Coaching Director
- Athlete Travel Support Subsidy – for Juniors in regional areas that are trying or have made the State Team

Research the DLGSC website for Grants that support Coaching and speak with the State Coaching Director. (Insert DLGSC link here)

Other potential Grant sources, but check websites:

- Local Government or Shire through the Club Development or Community Development Officer
- Banking institutions
- Mining companies through their Community support division
- Cooperative Bulk Handling (CBH) and some other Grain handling companies for regional grain growing areas
- Field Day or Agricultural show organizers
